What are your rose/ gardening interests? How can we help you with your roses?

*The Albuquerque Rose Society, an affiliate of the American Rose Society,
supports and maintains the Albuquerque Rose Garden.*

The Albuquerque Rose Society supports the American Rose Society in its dedication to the enjoyment, enhancement and promotion of the rose. To further that objective, the Albuquerque Rose Garden is a volunteer project of the Society that requires significant membership involvement to support the on-going maintenance and development projects. Each member is greatly encouraged to find time to help support the Garden or our other activities including rose shows and exhibits, meetings, hospitality, and publicity.
